Watercolour for all Levels	The chief characteristic of watercolour is its transparency and in 'pure' watercolour painting this is exploited to the full. Unlike the painter in oils who can lay lighter paint over dark tones, the water colourist must work through from the lightest tones to the darkest. It is the transparent pigment which gives pictures in watercolor the brilliance and sparkle which sets them apart from other styles of painting. This medium can be enjoyed by all abilities from Beginners to Advanced. You will be guided you step by step from still life or pictures, depending on preference.	Monday	9:30 am - 12:30 pm	660 AED for 4 consecutive weeks
Acrylic Painting Techniques & Mixed Media	This course will allow students both new to art or more experienced to express themselves in less conventional or restrictive forms. Students will learn how to apply acrylic paint in a variety of ways to create different effects which can then be enhanced with coloured liners, sequins, gold or silver leaf and textured or natural materials such as charcoal and sand. The options are endless and exciting enabling you to create individual and unique artworks. The ability to draw or to have had some previous art experience is not necessary. Students may also concentrate purely on acrylic painting if they wish.	Monday or Tuesday	9:30 am - 12:30 pm	660 AED for 4 consecutive weeks
